CAPABILITY STATEMENT

Core Competencies

McCall Industrial Supply is a provider of Pipe, Valves, Fittings, Pumps, Sanitary and hard to find items.

We are a *woman owned small business* committed to excellence and finding solutions for your needs.

Manufacturing facilities need their process and utility systems to be up and running at all times to remain viable. McCall Industrial Supply is a strategic partner for any facility and the contractors tasked to work on them. For 50+ years the McCall family has focused on providing the best service and the highest quality parts for our customers. McCall's commitment to warehousing regionally-specific stock, our responsiveness to requests, and product expertise allows customers to spend more time in operation and meet project timelines. Our team is available day or night to help.
